

I'M HAPPY TO BE ME

We are all different. We **like** different things and we can **do** different things.

That's what makes each one of us a special person.

This is Jenna. Look at the things that help to make her special.

I am a good cook.
I help Dad make pizza.

I'm learning to play the guitar. I can play three songs now.

I love pirate movies.

I can draw cool animals.

This is my dog, Ruffles.
I take good care of him.

I have asthma, but I know when to use my inhaler. So I can still run fast!

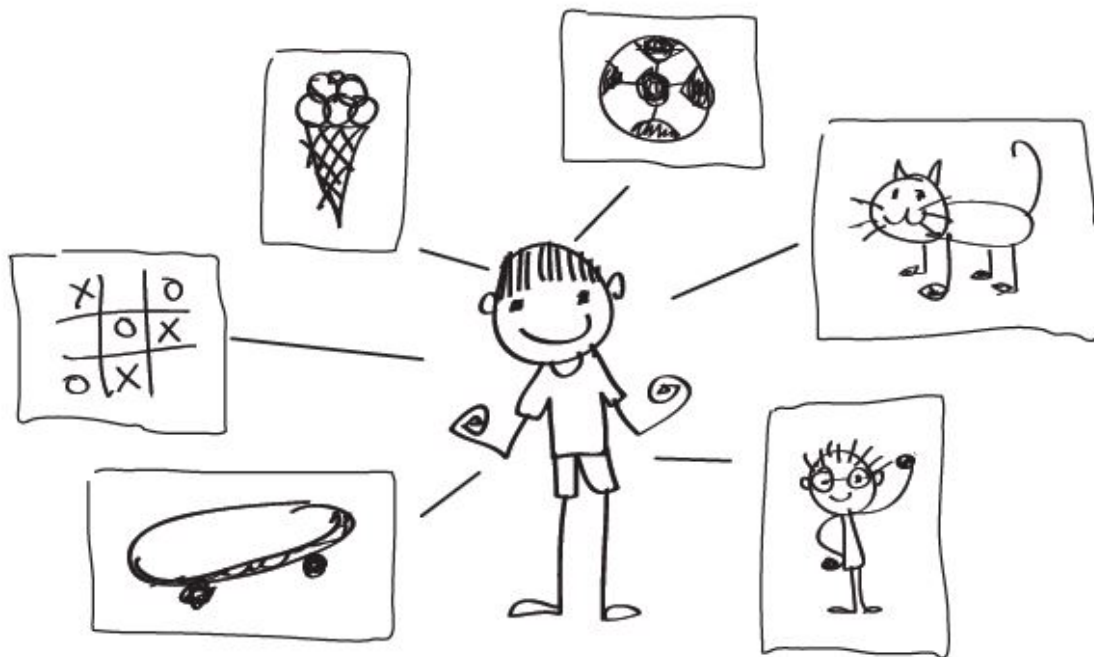

This is special me

Jenna has a lot of cool things that make her a special person. You will have your own special things too.

Think about what they might be, then create your own “special me” drawing.

1. Draw a picture of yourself, or use a photo if you like.
2. Draw some boxes around the outside of your picture.
3. In each box, draw something that is special about you. Try to include:
 - Things you really like
 - Things you are good at
 - People you enjoy helping

Share you picture with your family.
